Furnishings:

We were asked by Mike Taylor (Managing partner) to provide an attractive and highly practical reception area with extensive storage and discrete task areas.

First impressions are of clean sweeping curves, highly polished surfaces and a well organised and efficient environment. Matching fitted cupboards ensure surfaces are left clutter free.

The stunning result is a testament to the imagination. Materials used reflects the style of the building with lighting and multi-media facilities playing a major part.

"It's smiles all round!" Mike Taylor commented. "*The reception has changed from being a dark and very dated area. The renovation and refurbishment has been a great success*".
